not zaz baz.

Preface

Just a test.

Writing a book these days means, inexorably, offering an electronic version to your readers.

Over the past few years, I've been trying most typesettings systems out there, from LaTeX to Pandoc and, finally, Asciidoc, which is the one I've finally chosen to standardize my documents. It turns out I'm not the only one, as many large book publishers use Asciidoc these days to produce their titles.

This template provides a simple starting point for companies and individuals to create an eBook. Please follow the instructions in the README.md file to install the required software.

I look forward to read your next bestseller in as many platforms as possible!

Yolo, January 2021.

Introduction

Chapter 1

Lorem ipsum dolor sit amet, consectetur adipisicing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Ut enim ad minim veniam, quis nostrud exercitation ullamco laboris nisi ut aliquip ex ea commodo consequat. Duis aute irure dolor in reprehenderit in voluptate velit esse cillum dolore eu fugiat nulla pariatur. Excepteur sint occaecat cupidatat non proident, sunt in culpa qui officia deserunt mollit anim id est laborum.

Lorem ipsum dolor sit amet, consectetur adipisicing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua.
